

KATELYN BATSON MOOD BOARD

Describe Yourself

I try to look for God in everything. I try to make any work I do reflect Him whether it's in customer service or in marketing. I love traditionally feminine things and nature. I also love people and want them to know that they're loved.

Style

I'm drawing a lot of my inspiration from traditional femininity, the cottage-core aesthetic, nature (specifically mountains, sunflowers and sunsets). I tend to use pastel colors however I'm not afraid to use bold colors.
